Vinification & Ageing

This single parcel of Cabernet Sauvignon, which grows on the radiant slopes of the Sierra de L'Ombría, has been striving these past thirty years for a balance and a way to adapt to the Spanish climate. It has succeeded. These grapes from this privileged valley of Valencia demonstrate perfect ageing attributes and are cared for 22-24 months in French Taransaud oak barrels with diligent attention paid to the lees

Tasting Notes

Intense garnet colour with the essence of menthol notes on the nose mixed with blackcurrant fruit and a range of wild red forest fruit aromas. Generous and seductive palate, cascading flavours offering a nice warm touch of spices mixed with redcurrant and a hint of liquorice. The mouth-feel is smooth and creamy all around, with an expansive finish displaying well-integrated soft tannins, which will ensure long ageing.
